

Water-Based Systems Layout

Level II Selected General References

Candidates are permitted to bring only the following references into the test center:

<u>Title</u>	<u>Edition*</u>
1NFPA 13	2016
2NFPA 14	2016
3NFPA 20	2016
4NFPA 291	2016

***The test questions are based on the standard editions listed above; therefore, candidates are strongly urged to bring these editions to the exam. Note: Test questions are based on the standard editions listed above; therefore, candidates are strongly urged to bring these published year editions to the exam. Note: candidates may bring older or newer editions—instead of the editions listed above—at their own risk. Exam comments that are made based on other published edition years, will not be reviewed until the next maintenance cycle. Candidates are responsible for reviewing the content outline and bringing in allowable printed references that are applicable to what is being tested. Acceptable references may be copied in whole or part.**

Note: An NFPA Handbook will NOT be accepted as a substitute for any of the titles listed above.

Note: References must be bound or secured in a three-ring binder with a title page (example provided on the main program page). They may have highlighted text and self-adhesive index tabs or dividers, however they must be permanently attached. No other additions or modifications to the references are allowed. Handwritten notes are NOT permitted. References with loose paper or pages and freestanding tabs (e.g., repositionable sticky notes/tabs of any kind) are not permitted into the testing centers.

In addition to the references listed above, the following publications can provide some of the job knowledge required by a water-based systems layout technician. While these books may help you prepare for the exam, they are NOT permitted in the test center.

5Architectural Graphic Standards (9th Edition), American Institute of Architects, Wiley.

6Construction Management Jumpstart: The Best Step Toward a Career in Construction Management. (Second Edition), Barbara J. Jackson, Sybex.

7International Building Code (2015), International Code Council (ICC)

8NFPA 13D (2016): Standard for the Installation of Sprinkler Systems in One- and Two-Family Dwellings and Manufactured Homes, National Fire Protection Association (NFPA)

9NFPA 13R (2016): Standard for the Installation of Sprinkler Systems in Low-Rise Residential Occupancies, National Fire Protection Association (NFPA)

10NFPA 70 (2014): National Electric Code (NEC), National Fire Protection Association (NFPA)

11NFPA 72 (2016): National Fire Alarm and Signaling Code, National Fire Protection Association (NFPA)

12NFPA 101 (2015): Life Safety Code, National Fire Protection Association (NFPA)

13OSHA 29 CFR 1910: Occupational Safety and Health Standards, Occupational Safety and Health Administration (OSHA)

14Project Management (8th Edition). (2003), Harold Kerzner, Ph.D., Wiley
