## Part II: Work History Education Credit (Please print clearly or type)

If you've achieved a degree in an ABET-accredited engineering technology or engineering program (or equivalent) that is directly related to the certification practice area, you may qualify to receive up to eighteen (18) months (1.5 years) of credit towards the work experience requirement. (ABET is the Accreditation Board for Engineering and Technology; visit [www.abet.org](http://www.abet.org) to find out if your degree program is accredited.)

To apply for the credit, you must send NICET an official transcript that shows the date of graduation and the name of the degree attained. If your degree is not ABET-accredited, your transcript must include a listing of the courses taken. You will be responsible for paying any and all expenses incurred by NICET in determining the equivalency of a degree that is not ABET-accredited.

### I have earned the following Engineering Technology degrees:

Associate       Bachelor      Is the degree ABET-accredited?  yes     no

Degree: \_\_\_\_\_ Date Conferred: \_\_\_\_\_

Institution: \_\_\_\_\_

Location: \_\_\_\_\_

Associate       Bachelor      Is the degree ABET-accredited?  yes     no

Degree: \_\_\_\_\_ Date Conferred: \_\_\_\_\_
