

Special Instructions for Fire Protection Examinees

NICET examination questions reference the standard editions listed below. Back editions of standards can be acquired from the NFPA Library by calling 617-984-7445. Recent editions may be used; however, the examinee must challenge the affected question(s) using the challenge process and the challenge forms provided in the exam when using editions other than those listed below. The proper challenge process is described on the challenge forms provided inside of the exam.

Examinees testing certain work elements in Automatic Sprinkler System Layout and/or Inspection and Testing of Water-Based Systems should bring a supply of Flow Test Summary Sheets. Sample sheets are found in Appendix A of NFPA 13.
