

Reference Material Allowed in NICET Paper and Pencil Test Centers

888-476-4238
www.nicet.org

The format of references an examinee may bring into a paper-and-pencil exam is limited to the titles on this list; all references must be bound. NICET highly recommends that all references are professionally bound. If references are not professionally bound, they must be included in a binder no larger than three (3) inches and with clear delineation of the publication(s) included in the binder. A binder may contain more than one delineated section.

Personal notes are acceptable as long as they are typed or photocopied; notes must be in a binder. Handwritten notes that are not photocopied will not be allowed into the testing facility.

Standards, books, and training materials published by the following organizations will be permitted in NICET's paper-and-pencil test centers:

- AASHTO (e.g., AASHTO Materials, Parts I & II)
- ACI (including Standards, Manuals, Reference Packages, and Technician Workbooks)
- ASME (e.g., ASME 19.17, ASME PTC 19.10)
- ASTM (e.g., Annual book of ASTM Standards)
- DOT publications (e.g., state and federal)
- EIA (e.g., EIA RS-186-9E)
- FHWA (e.g., FP-03)
- IEEE (e.g., IEEE 162, IEE/ASTM SI 10)
- ISA (e.g., ISA RP42.1, ISA S5.1)
- NFPA Standards and related Handbooks (e.g., NFPA 13, NFPA 13 Handbook)
- NIST Publications (e.g., NIST Handbook 44)
- NHI training materials (e.g., National Highway Institute's Bridge Inspection Refresher Training)
- UL (e.g., UL 1002)
- United Facilities Guide Specifications (e.g., UFGS 31 11 00 Clearing and Grubbing)
