

Special Instructions for Special Hazards Suppression Systems Examinees (Paper-and-Pencil Test)

Examination questions in NICET's Special Hazards Suppression Systems paper-and-pencil test reference the standard editions listed below. Back editions of standards can be acquired from the NFPA Library by calling 617-984-7445. Recent editions may be used; however, the examinee must challenge the affected question(s) using the challenge process and the challenge forms provided in the exam when using editions other than those listed below. The proper challenge process is described on the challenge forms provided inside of the exam.
