Fire Alarm Systems

Level I Selected General References

Candidates are permitted to bring only the following references into the test center:

<table>
<thead>
<tr>
<th>Title</th>
<th>Edition*</th>
</tr>
</thead>
<tbody>
<tr>
<td>1NFPA 70</td>
<td>2014</td>
</tr>
<tr>
<td>2NFPA 72</td>
<td>2016</td>
</tr>
<tr>
<td>11Ugly’s Electrical References, (2014) Jones &amp; Bartlett Learning</td>
<td>**2017 or 2020 editions are acceptable</td>
</tr>
</tbody>
</table>

*The test questions are based on the standard editions listed above; therefore, candidates are strongly urged to bring these editions to the exam. Note: candidates may bring older or newer editions—instead of the editions listed above—at their own risk.

Note: An NFPA Handbook will NOT be accepted as a substitute for any of the titles listed above.

Note: References must be bound or secured in a three-ring binder with a title page (example provided on the main program page). They may have highlighted text and self-adhesive index tabs or dividers, however they must be permanently attached. No other additions or modifications to the references are allowed. Handwritten notes are NOT permitted. References with loose paper or pages and freestanding tabs (e.g., repositionable sticky notes/tabs of any kind) are not permitted into the testing centers.

In addition to the references listed above, the following publications can provide some of the job knowledge required by a fire alarm systems technician. While these books may help you prepare for the exam, they are NOT permitted in the test center.

4Electrical Safety (Student Manual) (April 2009) Department of Health and Human Services
6First Aid/CPR/AED Participant’s Manual, American Red Cross, StayWell Health & Safety Solutions
9OSHA 29 CFR 1910: Occupational Safety and Health Standards, Occupational Safety and Health Administration (OSHA)
10OSHA 29 CFR 1926: Safety and Health Regulations for Construction, Occupational Safety and Health Administration (OSHA)
