In-Building Public Safety Communications

Design Selected General References

Candidates are permitted to bring only the following reference into the test center.

<table>
<thead>
<tr>
<th>Title</th>
<th>Edition*</th>
</tr>
</thead>
<tbody>
<tr>
<td>1Indoor Radio Planning: A Practical Guide</td>
<td>3rd</td>
</tr>
<tr>
<td>2International Fire Code</td>
<td>2018</td>
</tr>
<tr>
<td>3NFPA 1221</td>
<td>2019</td>
</tr>
<tr>
<td>47 CFR 90: Private Land Mobile Radio Services (Also known as FCC Part 90)</td>
<td></td>
</tr>
</tbody>
</table>

*The test questions are based on the standard editions listed above; therefore, candidates are strongly urged to bring these editions to the exam. Note: candidates may bring older or newer editions—instead of the editions listed above—at their own risk.

Note: An NFPA Handbook will NOT be accepted as a substitute for any of the titles listed above.

Note: References must be bound or secured in a three-ring binder with a title page. They may have highlighted text and self-adhesive index tabs or dividers, however they must be permanently attached. No other additions or modifications to the references are allowed. Handwritten notes are NOT permitted. References with loose paper or pages and freestanding tabs (e.g., repositionable sticky notes/tabs of any kind) are not permitted into the testing centers.

In addition to the references listed above, the following publications can provide some of the job knowledge required by an inspection and testing technician. While these books may help you prepare for the exam, they are NOT permitted in the test center.

8International Building Code (2018), International Code Council (ICC)

9NPSTC P25 Best Practice: Specifying Your P25 System, Publisher: National Public Safety Telecommunications Council (NPSTC), Year Published: 2014
