In-Building Public Safety Communications

Level III Selected General References

Candidates are permitted to bring only the following reference into the test center.

<table>
<thead>
<tr>
<th>Title</th>
<th>Edition*</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 47 CFR 90: Private Land Mobile Radio Services (also known as FCC Part 90)</td>
<td></td>
</tr>
<tr>
<td>3 International Fire Code (IFC)</td>
<td>2018</td>
</tr>
<tr>
<td>4 NFPA 1221</td>
<td>2019</td>
</tr>
</tbody>
</table>

*The test questions are based on the standard editions listed above; therefore, candidates are strongly urged to bring these editions to the exam. Note: candidates may bring older or newer editions—instead of the editions listed above—at their own risk. Exam comments that are made based on other published edition years, will not be reviewed until the next maintenance cycle. **Candidates are responsible for reviewing the content outline and bringing in allowable printed references that are applicable to what is being tested. Acceptable references may be copied in whole or part.**

Note: An NFPA Handbook will NOT be accepted as a substitute for any of the titles listed above.

Note: References must be bound or secured in a three-ring binder with a title page (example provided on the main program page). They may have highlighted text and self-adhesive index tabs or dividers, however they must be permanently attached. No other additions or modifications to the references are allowed. **Handwritten notes are NOT permitted. References with loose paper or pages and freestanding tabs (e.g., repositionable sticky notes/tabs of any kind) are not permitted into the testing centers.**

In addition to the references listed above, the following publications can provide some of the job knowledge required by an inspection and testing technician. While these books may help you prepare for the exam, they are NOT permitted in the test center.

7 The ARRL Handbook for Radio Communications (2022); National Association of Amateur Radio
8 Construction Management JumpStart: The Best First Step Toward a Career in Construction Management, 3rd edition; Barbara J. Jackson; Wiley (2020)
10 NPSTC Best Practices for In-Building Communications (2007)

➢ This listing is not intended to be complete or representative.
